

## A2 A Political Platform for GYG

Organization: GYG Steering Committee

Resolution date: 05/19/2023

Agenda item: 2 Amendments to the Organisational Principles

### Motion text

- 1 Add in line 34: “- a political platform”
- 2 Add in line 42: “The third pillar consists of the political platform which
- 3 resembles the fundamental political consensus of GYG. It can be updated in
- 4 Congress through amendments. A complete content review requires a process led by
- 5 the SC. If at least two regional federations ask for a content review, the SC
- 6 will propose it to the Congress. The SC can also initiate this process itself.”

### Reason

This was already planned to be proposed in the online congress in 2022 but in the end not discussed. It would create a place for the content work the working groups have already been doing and open policy oriented discussions inside of GYG.
